Suite 103  
San Rafael, CA 94903

First Class Mail  
US Postage  
PAID  
Permit #925  
San Francisco, CA

Registration open online,  
fax or mail [www.spinalinjection.com](http://www.spinalinjection.com)

➤ **REGISTRATION IS REQUIRED!**  
FIRST COME, FIRST SERVED. PREREQUISITES NECESSARY.

## who may attend

ISIS members who are currently practicing lumbar spine intervention medicine and/or cervical spine injection techniques and have completed an ISIS Phase 1 Lumbar course or other ISIS advanced workshops may register for this bio-skills lab.

In accordance with new guidelines recommended by the education committee and adopted by the board of directors, the following specialties only may enroll in this course: Anesthesia, Physical Medicine & Rehabilitation, Radiology, Orthopedic Surgery and Neurosurgery. Any member who wishes a waiver of these protocols must contact ISIS.

## course goals

The field of spine intervention is rapidly changing due to increased knowledge of patient outcomes, advances in therapeutic techniques and new treatment technology. The overall goals of this course are to enhance patient care by providing participants with information and skill building exercises developed on an evidence-based approach to spine pain. ISIS incorporates a comprehensive approach in the diagnosis and treatment of patients with spine pain and this course includes: anatomy, imaging, techniques, risks, or compilations and outcomes. Time is provided for one-on-one faculty interaction and participant questions.

## educational objectives

Upon completion of this program participants should be able to:

- Interpret patient history including radiographic findings to develop a differential diagnosis of a patient's spine pathology
- Understand physical examination findings related to pre and post procedure effects
- Develop an appropriate diagnostic and therapeutic algorithm for spine and radicular pain
- Discuss controversies related to diagnostic and therapeutic intervention
- Demonstrate appropriate skills for performing the spinal procedures discussed in the lectures and workshop
- Identify the risks and benefits of each procedure, as well as prevention, assessment, and treatment of potential complications

Cervical Techniques will include:

- Interlaminar
- Stellate Ganglion
- Transforaminal
- Medial Branch Block/Intraarticular Zygapophysial Joint
- C1-2 (A-A) Joint

Lectures and Didactic Stations will include:

- Spinal Anatomy
- Radiological Imaging
- Patient Selection
- Case Presentations
- Complications & Management

**ISIS bio-skill workshops are created to enhance physician understanding of the complexity of performing these procedures. ISIS advises participants to continue to have proctoring, mentoring and additional experience prior to treating patients.**

## course description

This 17.5-hour rigorous workshop on cervical procedures provides lectures, group didactics, hands-on-bio-skills training, and Q&A time to provide a full understanding of patient care. Utilizing experienced faculty from multiple disciplines, the course's unique organizational protocol provides an intimate and continuous opportunity for participants to improve their knowledge of patient selection, relevant techniques and outcome.

Participants are encouraged to familiarize themselves with the ISIS Practice Guidelines prior to attending the course.

## registration information

ISIS membership is required prior to registration. Participants who are confirmed into this workshop will receive notice by email. If you do not receive a confirmation, please contact the ISIS office. All applications are accepted on a first-come, first serve basis (online, fax & mail) until the course is full. In the event that a registration is received after the workshop is filled, registrants will be placed on a waiting list in case there are cancellations.

ISIS requires a 14-day cancellation notice prior a course to receive a refund less a \$100 administrative fee. Cancellation less than 14 days prior to a course will result in forfeiture of all fees.

ISIS reserves the right to cancel this workshop upon reasonable notice and will assume no financial obligation to registrants for cancellation of the course for reasons beyond its control. Registration fees will be refunded, however, costs incurred by the registrants such as airline or hotel fees or penalties, are the responsibility of the registrants.

## Americans with Disabilities

ISIS only contracts with facilities that are in compliance with the Americans with Disabilities Act. Please call us at least 90 days prior to your arrival if you have special needs or dietary limitations that we can address to make your participation more enjoyable.

# workshop agenda

## Friday, March 19

*Friday Lectures are held at the Mandalay Bay Hotel & Casino*

12:00 pm	Registration / Light Lunch
12:30	Lecture <i>Anatomy, Indications, Techniques &amp; Literature Review</i>
2:30	Break
2:45	Lecture <i>Risks &amp; Complications</i>
4:45	Q&A
5:45	Adjourn

## Saturday, March 20

*Workshop held at the Oquendo Center*

7:00 am	Shuttle departs from the Mandalay Bay Hotel & Casino to Oquendo Center
7:30	Continental Breakfast
8:00	<b>Bio-Skills Lab C-arm Demonstration</b> Attendees will be instructed how to obtain the correct fluoro image for cervical procedures. Needle techniques include bending, control by rotation, tip circumscribing a radius. C-arm demonstration includes parallax, magnification, pulsed fluoro, low dose fluoro, collimation, how to obtain true AP and lateral views, as well as radiation safety. Cervical anatomy, and identification of significant anatomical structures will be reviewed.
10:30	Break
11:00	<b>Bio-skills lab &amp; didactic sessions in one hour rotations</b>
1:00 pm	Lunch
2:00	<b>Bio-skills lab &amp; didactic sessions in one hour rotations</b>
5:00	Course adjourns
6:00-8:00	Q&A with faculty during Reception at the Mandalay Bay Hotel & Casino. Attendees may bring cases for discussion. Maximum 1.5 CME.

## Sunday, March 21

*Workshop held at the Oquendo Center*

7:00 am	Shuttle departs from the Mandalay Bay Hotel & Casino to Oquendo Center
7:30	Continental Breakfast
8:00	<b>Bio-skills lab &amp; didactic sessions in one hour rotations</b>
11:00	Q&A with all Faculty
11:30	Course adjourns One shuttle departs Oquendo Center for Mandalay Bay Hotel & Casino. The second shuttle departs Oquendo Center for Las Vegas McCarran International Airport (LAS).

### continuing medical education

The International Spine Intervention Society is accredited by the *Accreditation Council for Continuing Medical Education* to provide continuing medical education for physicians.

The International Spine Intervention Society designates this educational activity for a maximum of **17.5 AMA PRA Category 1 credit(s)**<sup>™</sup>. Physicians should only claim credit commensurate with the extent of their participation in the activity.

### instructors

**Charles Aprill MD**

Radiology  
New Orleans LA

**Stephen Barkow MD**

### facility

**Oquendo Center**  
2425 East Oquendo Road  
Las Vegas, NV 89120  
866.800.7326 / [www.wvc.org](http://www.wvc.org)

### transportation

Upon arrival at the Las Vegas McCarran International Airport (LAS), please arrange your own ground transportation to the hotel. ISIS provides bus transportation between the Mandalay Bay Hotel and the Oquendo Center. See course agenda for shuttle times.

### in-kind commercial support:

GE Healthcare  
Kimberly-Clark Health Care  
Philips Medical Systems  
Ziehm Imaging Inc

All applications will be accepted on a first come, first serve basis (via online, fax & mail) until the course is full. Registrants will be confirmed via email. If you do not receive a confirmation, please contact our office. Do not book hotel accommodations or airfare until you are confirmed into the course. ISIS accepts no responsibility for airfare or accommodations that must be cancelled.

Questionnaires regarding the course, which will be sent to you in an email, must be completed online in order to receive proper CME credit for the course.

ISIS is a non-profit medical society. Revenues from this and all meetings are used for future ISIS research and educational endeavors.

### Disclosure

It is the policy of ISIS to plan and implement educational activities in accordance with ACCME's Essential Areas and Policies to ensure balance, independence, objectivity, and scientific rigor. All program faculty and planners are required to disclose any relevant financial relationships they may have or have had within the last 12 months with commercial interests whose products or services are related to the subject matter of the presentation. Any real or apparent conflicts of interest must be resolved prior to the presentation. Disclosure information will be made available to attendees at the meeting. Faculty will also be expected to disclose this information to the audience verbally and on introductory slides at the beginning of each presentation. Faculty is also required to inform program participants if any unlabeled uses of products regulated by the Food and Drug Administration will be discussed.
